Measurement steps for entry procedure

Measurement will take place at the defined measurement area.

Wednesday May 30th from 16.00 till 19.00

Thursday May 31st 8.00 AM till 11.00

Measurement procedures.

The sailor has

1. To get his measurement form from the secretary office,
2. To come to the measurement area with the boat he want to sail, with the sail and the fully rigged lower mast session and boom, with all lines in place. The centerboard, tiller / rudder and battens will be not inspected.
3. The Measurer will check the Boat, the lines and the sail, and fill the measurement form.
4. The sailor, having his Boat passed the inspection, comes back to the secretary and completes the entry procedures
5. The sailor, having NOT his Boat passed the inspection, comes back to the measurer with his boat problem solved. Than he can go back to Secretariat and complete the entry procedures.

The chief Measurer
IM Macrino Macri
